Dear Sirs

INSTALLATION OF AV EQUIPMENT - TOWN HALL

Further to the supply and installation of AV equipment at our Town Hall site, I write to thank MTS Ltd for all their hard work.

We had been having technical difficulties with our existing AV equipment for a number of months. Our existing maintenance contractor had become rather expensive so we decided to contact MTS Ltd as they had recently been awarded the maintenance contract for AV equipment at North East Derbyshire District Council.

I was impressed with MTS Ltd from the outset. They responded quickly to my initial enquiry, advised on the best possible solution and gave a very competitive price. The installation of the AV equipment was completed efficiently and to a high standard. We now have new projectors, screens and wireless speaker systems in our Council Chamber and Committee Room and would recommend MTS Ltd to other organisations requiring new audio visual products and installations.

Yours faithfully

A handwritten signature in black ink that reads 'B. Hurford'.

Ben Hurford
